## Grade 5 MAP Test Sample Questions

### Question 1: Math

Shyla and Tanya are each reading a novel. Shyla read 40 pages in the last five days and Tanya read 120 pages in the last 24 days. What is the difference between their unit rates per day?

- A) 3 pages per day
- B) 5 pages per day
- C) 8 pages per day
- D) 13 pages per day

### Answer Explanation:

**The correct answer is (a).**

A unit rate, means the number of pages read in one day, as unit means one. Shyla reads 40 pages in five days. To calculate her unit rate per day, you must divide the total pages by the number of days:  $40 \div 5 = 8$  pages per day. For Tanya:  $120 \div 24 = 5$  pages per day. To divide by 24, you can split it up and instead divide by 12 and then divide by two. This is because 24 is  $12 \times 2$ .

The difference means subtract the unit rates, therefore:  $8 - 5 = 3$ . 3 pages per day.

### Question 2: Math

How many feet are in 84 inches?

- a) 5
- b) 6
- c) 7
- d) 8

### Answer Explanation:

The correct answer is (c).

To solve this problem we can make proportions.

We know that 1 foot=12 inches, and we can use X has our unknown.

$$12 \text{ inches} * X \text{ feet} = 1 \text{ foot} * 84 \text{ inches}$$

$X \text{ feet} = 1 \text{ foot} * 84 \text{ inches} / 12 \text{ inches}$ . The inches will cancel and we are left with 7 feet.

Have you ever heard someone sing, “Happy birthday to you . . . happy birthday to you . . .”? If so, you are hardly alone—millions of people sing that song every year, and the tune is one of the most familiar of any song in North America. Ironically, it is not known who wrote it! The tune was written by two sisters, Patty and Mildred Hill, who were school teachers in the late 19th century. But their song had different words; instead of “happy birthday to you,” the song ran “good morning to all.” The two sisters would sing this ditty to their students each morning as school began. In 1924, the tune was published in a song book, which added the “happy birthday” lyrics as verse two. Today, the second verse of that song has become one of the best known tunes in the world—and nobody knows who wrote the words!
